Background:

Caribbean Firearms Roadmap Initiative

In 2020, 15 CARICOM States and the Dominican Republic formally adopted the 'Roadmap for Implementing The Caribbean Priority Actions on the Illicit Proliferation of Firearms and Ammunition across the Caribbean in a Sustainable Manner by 2030' (Caribbean Firearms Roadmap). The vision for the Roadmap is a safer Caribbean, achieved by addressing the issue of illicit proliferation of firearms and ammunition across 4 main Goals. The Roadmap serves as a guiding document for commonly agreed levels of performance at the strategic, policy and operational levels. The Roadmap takes into consideration the provisions found in the UN 2001 PoA, as well as the legal obligations stemming from the Arms Trade Treaty (ATT) and the Firearms Protocol. Its effective implementation will also contribute to the implementation of Agenda 2030 and Sustainable Development Goal 16, with a specific focus on Target 16.4 aimed at significantly reducing arms flow.

UNLIREC and its partner, CARICOM IMPACS, are the co-custodians of the Roadmap and are supporting its effective implementation in collaboration with other regional and international partners with the support of the donor community
